Re: discrimination and constructive dismissal

Hello Jan,

Your letter dated December 12, 2006 was received December 15, 2006.

I am proceeding with a Human Rights complaint against my former employer.

Also, I would like to have a provincial level appeal of the decisions made by the BCGEU to stop the grievances regarding 1) personal harassment directed towards me by the manager of BC Stats Population Section, Dave O'Neil and 2) the suspension a) being told to leave the premises by the manager and b) the suspension for 5 days without pay as well as 3) impeding the arbitration regarding the decision to dismiss me for just cause.

Again I would like to emphasize that bullying should not be considered acceptable in the school yard, on the street, nor in the work place.

Sincerely,

Warren Munroe
