Regarding grievance

Hello,

Please proceed with the grievance procedure.

Also, I would like to grieve the suspension.

Also, I would like to be reimbursed for the moving expenses from Ottawa to Victoria. I had applied for a full time regular position, but this was changed to an Auxiliary position before I moved and therefore I had to pay for the move. If I had known that the position I filled would be the subject of abuse, including yelling, and that this abuse would be supported by management, I would not have taken the job.

Thank you for your assistance.

Sincerely,

Warren Munroe.
